

THE WONDER OF LAUGHTER

If laughter isn't so wonderful, how come you like it so much? And how is it that laughter is something the tiniest of children can do and cause, yet we treasure and enjoy it as if it were rare? And laughter not only delights, it changes things: moods, relationships, even our ability to do something we thought we couldn't or wouldn't do. Today we're at the falls of "Laughing Waters" (Minnehaha), and Melissa Lock won't just be talking about laughter, along with some friends, she'll be getting you laughing.

WELCOME!

We are always trying to support each other toward health and wholeness as individuals, and we see how life is most fulfilling when it's woven deeply with others (including the world around us), and that mysterious element we often call the "third strand," or "God."
