

## The Game of Life - What's the Right Move?

Ok, you're in the game and the stakes are feeling high. It's your turn, you roll the dice and you've got choices. Some obvious, some not so obvious. Some safe, some risky. What will you do? This week we will dig in together around how this plays out in real life and your daily choices about what to do and how to show up.

## WELCOME!

We are always trying to support each other toward health and wholeness as individuals, and we see how life is most fulfilling when it is woven deeply with others (including the world around us), and that mysterious element we often call the third strand, or "God."

Game of Life D.A.D. moments  
Deciding to do the right thing  
Admitting you don't really know what it is  
Deciding to Do it Anyway

The right move is the one that HONORS you, others and all you are part of.

Let's talk about sailboats!

Without a KEEL you can STEER where you want to go, but you'll go where the wind blows.

It's always the right time to do the right thing for the right reason. - A Fabric Motto

But let's be honest...

What does it look like to honor your Self, Others and All you are part of?

Never, never be afraid to do what's right, especially if the well-being of another is at stake. Society's punishments are small compared to the wounds we inflict on our soul when we look the other way. -Martin Luther King Jr

How will you grow to TRUST YOUR KEEL more and more?

Put it to the test.

Build in pauses, practice, perspectives and people. (A little can go a long way!)
